REMEDIAL BRANCH
(6SF-R)

Dear Mr. Miller

I'm a resident of Galveston County, and I firmly support putting a permanent cap on the San Jacinto River Waste Pits. Two years without a viable solution is too long and too much of a risk to bear. In the long-run, I believe that a permanent cap is the only way to prevent hazardous chemicals from reaching this community and poisoning our families.

I urge you and the EPA office to take action immediately and choose this remediation decision - our future depends on it.

Sincerely,

(b) (6)
